EXHIBITOR PROFILE

"The series of fresh-keeping, fresh-cut, frozen vegetables and VF, conditioning foods have once again become a highlight in the same industry. With the Group's vegetable industry chain business layout and the ability of "uninterrupted supply throughout the year", attracted many Chinese and foreign businessmen to consult and negotiate, and reached dozens of cooperation intentions onsite."

— Annual show for vegetables, Shouguang, Shandong

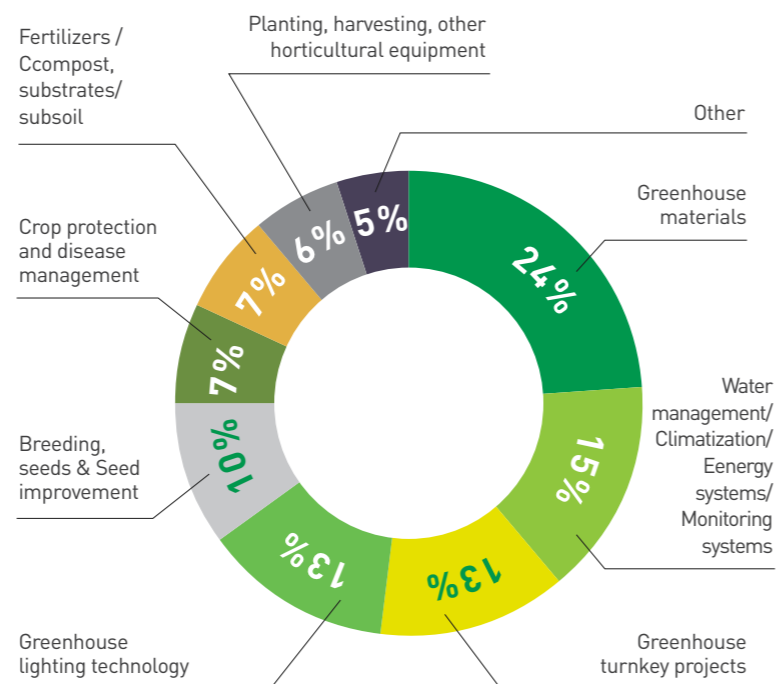

" 'Chencun Flower World' is the national key flower market and the hometown of Chinese flowers and trees. It participated in HORTI CHINA 2018 in the form of a pavilion showing the brilliance and charm of the flower world. The stand was divided into six themes according to its six major industries: horticultural flower, seedling flowers, seedlings, characteristic garden, moth orchid and Chencun Orange."

— Fabulous flower world show, Chencun Guangdong

"ZHONGNONGFUTONG and the organizer of HORTI CHINA jointly created the 'Modern Agriculture Demonstration Zone', displaying different modern agricultural development models, scientific and technological cultivation models, horticultural creative landscapes, and high-quality agricultural products. HORTI CHINA created an experiential, three-dimensional, diverse micro-modern agricultural demonstration environment for visitors."
